

**Anti-SNAP-25 Monoclonal Antibody 4F3-2C1**

Supplied as Sterile Culture Supernatant

MC-6053

Lot # 10766

This sterile filtered culture supernatant contains mouse monoclonal antibody 4F3-2C1, a mouse IgG class MAb, that is specific for the BoTox-A cleaved form of SNAP-25. This monoclonal antibody has been found to bind only to BoTox-A cleaved SNAP-25 by ELISA and cell staining techniques. Each vial contains 1.0 ml of culture supernatant

**Monoclonal Antibody Specificity**

<b>Polypeptide</b>	<b>% Cross Reactivity</b>
SNAP-25 (cleaved by BoTox-A)	100
SNAP-25 (uncleaved by BoTox-A)	0
VAMP 2	0
Syntaxin 1	0
